

K-LOVE is the only station in my area that provides the family friendly music and information that my family and I have come to know, love and expect. We cannot tolerate other programming that is here in the area and shouldn't have to. We should be provided a choice that suits our need and desire. K-LOVE offers encouragement and support to those that listen. K-LOVE provides a safe haven for those of us that are dependant on the love of Jesus. The K-LOVE DJ's are the ONLY DJ's that will pray ON AIR and even allow and encourage prayer requests. Please don't take this away! God will bless you!
